Edition 15 | WINTER 2025/2026

## DEAR GUESTS AND FRIENDS OF SINGER!

Once again, we are delighted to present you with a new edition of the "Singer's Guest News" – this time with very special anniversaries and innovations.

On December 5th, my wife Christina Singer will celebrate "20 years in Berwang." At the same time, we are pleased to mark "20 years of Singer's SPA", the extension that has significantly shaped and advanced our house. And with the start of the coming winter season, the long-awaited second section of the "Obere Karbahn" on the "Thaneller" will finally go into operation.

As a family, we are incredibly grateful that, on the one hand, we are able to welcome back so many dear guests year after year, offering them a wonderful and relaxing time.

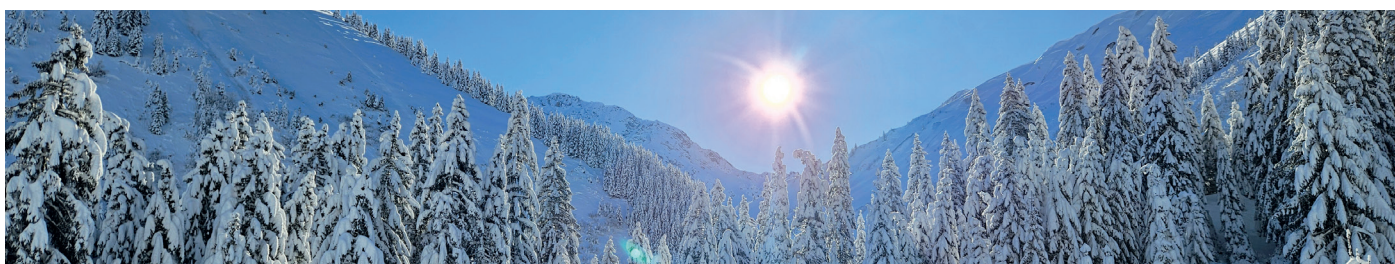

On the other hand, we are equally thankful to be able to do this with such a fantastic team.

In peak seasons, this means nearly 70 people from over 15 nations, who dedicate themselves with passion and commitment – and just as much joy – to looking after you, our guests.

This requires an experienced management team, and here we can proudly say that we live a culture of both harmony and professionalism.

We are, in any case, already looking forward to the next winter season, to welcoming you as our guests, and to sharing many special moments with you.

**YOURS,**  
Christina, Florian, Leonie und Hannes mit Gerti Singer

## SKI IN, SKI OUT – directly in front of the door

In Berwang, your ski day begins without detours: from our Hotel Singer you can head straight onto the slopes and return just as comfortably later on. No shuttle, no waiting – simply strap on your skis and off you go. That means more time for your first turns in the fresh snow and for relaxed breaks in between. And when you've had enough skiing, you simply glide back right to the hotel door and enjoy the comfort of not having to carry heavy equipment any further. A holiday just as uncomplicated as winter days should be.

# 20 YEARS WITH HEART AND SOUL

**CHRISTINA SINGER** – The good soul of the house, with a fine sense for aesthetics, atmosphere, and authenticity. Whether it's about the right cup, the perfect plate, or the right team member – she makes decisions with heart, finesse, and an unfailing instinct for what is truly special.

2005

On December 5, 2005, Christina began working at the "Singer Sporthotel & SPA" as a receptionist – always with a smile and an instinctive sense for the guests, she embarked on an exciting season.

Thanks to her warm-hearted nature, reliability, and organizational talent, it didn't take long before she was entrusted with additional responsibilities, such as managing the kitchen pass (the interface between restaurant and kitchen). Not long after, she was promoted to Executive Assistant to the Management.

From that point on, she gradually took on more and more tasks: managing hotel purchasing with care, selecting the right staff for the team with great sensitivity, and always lending a listening ear to everyone – whether guest or employee.

In 2009, she successfully completed the „Department Head Academy“ of the Austrian Hotelier Association with flying colors.

Florian and Christina grew closer on the way back from a team leader excursion. It all began with a pleasant conversation and some hand-holding...

2012

2013

In April 2013, Christina Kochlöffel became Christina Singer – their love sealed with a wedding vow in Lech am Arlberg.

Together, Christina and Florian Singer have repeatedly brought new glow to the hotel through major renovations and thoughtful updates.

And yet, despite all these changes, it has remained a traditional house, where genuine hospitality is both visible and tangible.

2016

2017

In June 2017, family happiness was complete: Christina and Florian became parents to their charming daughter, Leonie Singer – the 4th generation of the Singer family.

By now, Leonie is already eight years old and a proud big sister to her brother Hannes, who was born in September 2023.

Christina Singer took two short breaks from hotel life to support her husband and devote herself to raising the children.

Nevertheless, her presence and passion for hospitality have always remained tangible, as she is often seen at the hotel – sometimes together with the children.

2023

2024

After her second maternity leave, Christina Singer has now returned to the hotel on a more regular basis, once again taking many of the reins into her own hands.

With her experience and warmth, she strengthens the team and continually enriches our house.

Together with our Executive Assistant Manager, Tine Wartmann, she now passes on all her knowledge 20 years later, helping to bring fresh energy and new ideas into everyday life.

2025

As a wife, mother of two wonderful children, and passionate host, Christina Singer is the heart of Hotel Singer – often working behind the scenes, yet always keeping a keen eye on the details that make all the difference. Her warmth is evident, her personal touch visible – for 20 years now, she has shaped what makes this house so special. – **THANK YOU FOR EVERYTHING!**

## STRAIGHT FROM THE SLOPES TO THE S-LOUNGE

After a day in the snow, there is nothing better than taking off your skis and feeling welcomed in the S-Lounge. Cosima and her team greet you with a warm smile, a refreshing or hot drink, and the sense that you are exactly in the right place.

Whether it's a sparkling aperitif, a hot chocolate, or lunch with your loved ones – every moment here becomes a delight. Whether you are a hotel guest or a visitor to the ski area, you are warmly invited to arrive and let yourself be cared for.

# HOW TO MAKE AN ALMDUDLER SPRITZ

Whether in the S-Lounge or at home,  
Cosima will show you how to make it.

Cosima is now in her third winter season with us at Hotel Singer and is the charming host of our unique S-Lounge.

With creative ideas and a keen sense for our guests, she ensures that a little après-ski fun is always welcome.

## Particularly popular:

Her legendary “Almdudler Spritz”, prepared with love and just the right touch of mountain charm.

Cosima also organizes exclusive events with joy and dedication – always adding that special extra touch that makes an evening in the S-Lounge so memorable.

## ALMDUDLER SPRITZ

Bring a taste of the Alps home – the perfect winter spritz for your ski getaway!

### Ingredients:

1/8 Almdudler  
1/8 Prosecco  
1 slice of orange  
Ice cubes

### How to make it:

Fill a stemmed glass with ice and add a fresh slice of orange. Pour in the Almdudler and Prosecco, and give it a gentle swirl.

Voilà – a sparkling, refreshing spritz that captures the charm of the mountains in every sip!

# NEWS OF BERG BAHNEN BERWANG

## NEW FOR THIS WINTER SEASON STARTING IN DECEMBER!

### FINALLY, THE MOMENT HAS ARRIVED!

Much has been talked and written about it, but now we can proudly announce: the second section of the “Obere Kar” lift will begin operation this December.

Construction has been underway since last summer (2024), and at the time of printing this guest news, the lift is already in trial operation. A new level of comfort is coming to our local mountain, the Thaneller. Say goodbye to long queues at the Thanellerkar drag lift and the exhausting climb—especially the steep section. Instead, simply take a seat in the modern 10-person cabin and glide from the ski school meeting point up to the “Obere Kar” at over 1,700 meters.

On March 23, 2025, the last day of the 2024/25 winter season, the historic anchor lift from 1969 was ceremoniously retired, accompanied by a performance from the Berwang Music Band.

For almost 60 years, it served faithfully, bringing joy to countless guests and skiers. However, due to the many different lift companies operating in Berwang at the time and their resulting divergent interests, the lift was never renewed or modernized.

In 2016—almost 70 years after the construction of Berwang’s first ski lift—it was finally possible to merge the two largest remaining lift companies.

Immediately afterward, planning began for the replacement of the aging lift system.

Particularly, the environmental approval process took a lot of time due to the special avalanche conditions on this mountain.

Finally, in spring 2019, the entire project was approved, and construction began immediately.

By December 2019, the first section of the “Obere Kar” lift was already in operation, and the B-Active Center –

including the ski school, sports shop, and lift ticket office, was built.

In 2020, the management of Bergbahnen Berwang decided to adjust the construction schedule and first build the child-safe 6-person chairlift “Thanellerbahn.”

Delays caused by the COVID-19 pandemic and the prioritization of other important projects meant that the start of the second section could only take place last year.

Since then, work on completing the new lift has been in full swing. The heart of the project is the D-Line 10-person gondola by Doppelmayr, which now connects to the first section, carrying skiers up to 1,720 meters with breathtaking views of the Berwang mountain world.

For you as our guests, this means more comfort, an expanded ski area with 2 additional slopes, and a better connection to the Panoramabahn Rastkopf.

We are very much looking forward to showing you the renewed Berwang ski area!
